INSTRUCTIONS TO AUTHORS

POLICY: The 'Journal of Islamic Countries Society of Statistical Sciences' is an official journal of Islamic Countries Society of Statistical Sciences. It is a scholarly, peer-reviewed, interdisciplinary, bi-annual journal aiming at theories, methods and applications in statistics, economics, applied and pure mathematics, business and management sciences, environmental management and sciences, computer science and Information technology and other areas of physical and social sciences. It is an international scientific journal that focuses on the advancement of innovative scientific research.

SIZE AND STYLE: The papers should be typed in 5" x 7.5" measurements (i.e. width = 5", height 7.5"). Matter of all types should be typed in Times New Roman (10-points medium). However, all headings should be **bold,** with main headings in **UPPER CASE** and centered, while sub-heads be in **Upper Lower** case and left justified.

SUBMISSION OF ARTICLES: The articles should be typed in accordance with the instructions. These should preferably be typed in **Microsoft Word**. Running titles should be inserted to print on the top of the page in the following manner:

First Page: No running title, only page number in the bottom centre, 0.25" away from the bottom line of the page.

Odd Page: Page No. left justified, Author (s) name right justified.

Even Page: Article's caption, left justified Page No. right justified.

Running title should print 0.25" away from the top line of the page.

SUBMISSION: Papers may either be submitted to Editor or any member of the International Board of Editors through email. Paper should be typed double spaced. Title should be as concise as possible. The abbreviated title should also be given as a running title and be given at the bottom of the first page entitled "Running Title".

ABSTRACT: Each paper is required to contain an abstract, which should be descriptive and should not exceed 200 words. It should indicate all the main results in the paper.

PAPER: Each section and formula should be numbered in Arabic numbers including acknowledgement and references. Footnotes and explanations in parentheses should be avoided as far as possible. In case footnotes are essential, these should be identified by superscript number in the text and typed at the bottom of the page separating it from the main text by a line.

KEY WORDS: Key Words used in the paper are required and should be given following the abstract. Any word in the title of the paper should not be repeated as a key word.

CLASSIFICATION: The subject classification number representing the primary and secondary subjects of the paper as given in the American Mathematical Society 1970 are required and should be given as a footnote on page 1 of the paper.

FIGURES AND TABLES: Each figure, diagram and table should be prepared on separate pages with proper titles and numbers on top of figures and tables.

FORMULAE: For typing of mathematical font software must be used like **Math Type**.

REFERENCES: References should be listed at the end of the paper serially alphabetically. No reference should be listed unless cited in the text of the paper. The references should be typed double spaced and should follow the style:

1. Bahadur, R.R. (1967). Rates of convergence of estimates and test statistics. *Ann. Math. Statist.,* 38, 303-324.
2. Brewer, K.R.W. and Hanif, Muhammad (1983). *Sampling with Unequal Probabilities*. Springer Verlag, New York.

In the text, a reference should be referenced as **Bahadur(1967)** and not as **Bahadur(1).**

PAGE CHARGES: A charge of US$ 50/- per page from author's institution is required. Page charge is levied on funded research. Otherwise, US$ 150/- will be applied on non-funded research.
